

# Work and Cancer

## Help us get people into work after cancer treatment

We want to understand what makes it easier or harder for people with cancer to be part of the workforce.

We are running **a survey and focus groups** to help develop a program that supports people into work after cancer treatment

**Scan QR code** to access the survey or to join one of our focus groups

## Survey

The short **10-minute survey** covers:

1. Work & employment challenges
2. Needs and support priorities
3. Options for a program to support cancer survivors

## Focus groups

Meet with our project team for a **60-minute online focus group**.

Use the QR code to express interest by 5pm Friday 16 January.
